The Governor's School of North Carolina is a five-week summer residential program for intellectually gifted high school students, integrating academic disciplines, the arts, and unique courses on each of two campuses. ## Cumberland County Schools County-Wide High School DEP Nights

A countywide DEP meeting was held in October. All of the high schools joined together to share AIG information. Each school also held an individual signing date.

This year, the meeting was held at Terry Sanford High School. The meeting was well attended and parent feedback has been positive. Each of the eight high school consultants gave a brief description of our various offerings and program components.

Parents were able to meet with the consultants to sign their DEP as well as ask individual questions or set up a conference.

## AIG Academic Performance

AIG students must maintain mastery or better in the area(s) in which they are identified. Mastery for AIG services is defined to be a “B” (80%) or better in the honors/AP level course(s) in English and/or math. Students whose grades fall below a “B” will be placed on advisement and a plan for improvement will be created. If, after two quarters on advisement, a student does not improve to a “B”, he/she will be placed on inactive status in that area of AIG identification until their performance is again indicative of the need to be placed back on active status.
